AUBERGE RESORTS COLLECTION TO MANAGE NEW CHILENO BAY RESORT & RESIDENCES, LOS CABOS

Anchoring the Prestigious Chileno Bay Community on Los Cabos' Most Coveted Beach, Contemporary Luxury Boutique Resort to Debut December 2016

CABO SAN LUCAS, MEXICO (August 09, 2016) – Auberge Resorts Collection, owner and operator of boutique luxury hotels, resorts, residences and private clubs, today announced plans to manage Chileno Bay Resorts & Residences, Los Cabos, a new luxury resort situated on the most coveted beach in Los Cabos, Mexico. Set to open December 2016, Chileno Bay Resort & Residences, formerly known as VieVage Los Cabos, is set amidst the prestigious 1,200-acre resort community of Chileno Bay, a Discovery Land Company development, comprised of a private beach club, Tom Fazio-designed 18-hole golf course, residences and more.

“Auberge Resorts Collection is synonymous with exceptional luxury experiences and we are pleased to work in partnership to create the premier resort destination in Los Cabos,” said Mark Cooley, Partner, SV Capital Partners, the developer of Chileno Bay Resort & Residences. “The resort will be unlike anything else in the marketplace, offering a modern, active and outgoing spirit in its design and lifestyle. Coupled with Auberge’s signature intuitive service, we know it will be a highly sought-after destination for guests seeking Cabo’s newest luxury experience.”

Chileno Bay Resort & Residences is poised to be a relaxed, interactive resort escape, offering a lifestyle that celebrates shared experiences for families, groups of friends and active couples. The luxury Cabo resort is defined by its premier setting on Los Cabos’ largest year-round swimmable beach, its fresh, contemporary architecture and design, signature restaurant, destination spa and Auberge’s exceptional service. A centerpiece, three-tiered zero-edge pool which spans 138 meters (150 yards) will serve as the prime location at the resort embodying energetic essence of Chileno Bay Resort & Residences.

“The natural beauty of Chileno Bay from its days as a sleepy fishing village is still just unparalleled,” said Mark Harmon, Founder and Managing Partner, Auberge Resorts Collection.

“Chileno Bay Resort & Residences, with its close proximity to and allure of the ocean—in addition to the magnificent cascading pool at the heart of the resort that takes guests into the sandy shores of Chileno Bay— is poised to be an unforgettable Cabo retreat.”

The San Francisco design team of Glazier Le Architects and interior designers BAMO embraced the natural environment and a contemporary indoor-outdoor aesthetic, infusing a color palette of earth, plant and sea tones with bright sea-colored tiles, custom fabrics, high-quality natural materials, original artwork and stylish fixtures throughout to create a timeless, elegant desert-meets-ocean environment.

Chileno Bay Resort & Residences will comprise 60 guest rooms ranging from 760 to 885 square feet of interior and exterior space, and 32 expansive two-, three-, and four-bedroom villas ranging from 3,300 to 4,500 square feet—featuring outdoor showers, terraces, indoor showers and soaking tubs, along with handcrafted furniture and accessories created by local artisans. Interior design finishes include marble flooring, artisan plaster walls, and intricately designed hand-made colorful tiles. Accommodations will feature an open concept with floor-to-ceiling windows and doors that open to ample private terraces. Ground-floor villas will all have private pools, while the upper-level villas will have Jacuzzis. All residential [Los Cabos villas](#) will be equipped with indoor-outdoor gourmet kitchens featuring Wolf and Subzero appliances, outdoor showers, and lush garden, pool or exquisite ocean views. Two three-bedroom Sky Villas will feature large private rooftop terraces with private pool, extended living area and bar. One six-bedroom villa will offer over 11,000 square feet of indoor-outdoor space, including 6.5 bathrooms, a private swimming pool, outdoor shower and views of the Sea of Cortez.

Amenities at Chileno Bay Resort & Residences will include three culinary concepts including the resort’s signature restaurant, a breezy open-air space designed by Los Angeles-based Gulla Jonsdottir Architecture + Design, offering local, freshly caught seafood, raw bar and interactive ceviche bar. Here, guests will be able to enjoy sunset cocktails and panoramic ocean views from hanging chairs overlooking the beach or by fire pits at the water’s edge. A beachside taco bar will offer specialty tequilas in an interactive casual setting at the edge of the beach, while a poolside grill will serve lighter fare for lunch.

A signature full-service spa will include 10 treatment rooms, a couples retreat room, a purification garden, a cool plunge pool, sauna and reflexology pool. An expansive Specialty Suite will be ideal for couples or an extended private treatment, and features an outdoor garden with its own plunge pool, private bathroom, and steam shower. All treatment rooms will feature private outdoor shower gardens.

A waterfront “H2O cave” adjacent to Chileno Beach will host a myriad of local watersport activities from snorkeling and diving to standup paddle boarding and more. The Activity Center at the center of the resort houses the fitness center, movement studio, the “Pescaditos” Kids Club, private theater, and the Chileno Lounge, which will be open to guests throughout the day as a place to retreat and relax, read a book, watch a sporting event, or mingle with other guests. An artisanal market will provide guests grab-and-go gourmet products along with opportunities for hands-on culinary experiences such as chocolate tastings or cooking classes. Guests will also have access to championship golf and recreational activities nearby to round-out the local adventures.

Chileno Bay Resort & Residences will also feature over 12,000 square feet of space for [Los Cabos events](#) and meetings, including a 7,800-square-foot Citrus and Herb Event Garden perfect for intimate weddings and private celebrations. For gatherings with one-of-a-kind views, Chileno Galleria offers 1,000 square-foot air conditioned private dining and meeting space with an adjacent 1,500 square-foot terrace and floor to ceiling windows overlooking the Sea of Cortez.

Chileno Bay Resort & Residences will join Auberge Resorts Collection’s first entry in the destination, Esperanza, An Auberge Resort. As a gorgeous [Cabo San Lucas resort](#), Esperanza has long been celebrated as one of the most intimate and exclusive retreats in Mexico’s Baja Peninsula.

Guests of Chileno Bay Resort & Residences can take advantage of the introductory travel specials including a “3RD Night Free” offer when guests book two nights in a guest room or villa. Rates at Chileno Bay Resort & Residences will start at \$675 per night.
